II. REMARKS

The application filed herewith is a 35 USC § 371 National Stage application of PCT Application No. PCT/GB2004/002845 filed July 1, 2004. Upon entry of the present amendment, claims 1 to 20 will be pending.

The amendment to the specification changes the application title, which was changed after publication of PCT/GB2004/002845 A2 had occurred. The amendment to the specification also updates the priority information and, therefore, does not add new matter. The amendments to paragraphs on pages 3 and 7 have been amended to specify the appropriate SI units. The amendment to the paragraph on page 11 has been amended to delete the term "approximate".

Claims 5 and 6 have been canceled and, therefore, do not add new matter. Claim 1 has been amended to specify the appropriate SI units. Claim 1 has also been amended to include part of the subject matter from original claims 6 and 7. In view of the amendment made to claim 1, original claims 5 and 6 have been canceled and previous claim 7 has been amended as claim 5. Original claim 8 has been renumbered as claim 6. Original claim 9 has been amended to delete "approximate". Original claims 10 to 22 have been renumbered as claims 8 to 20, respectively. There are no new claims. Accordingly, entry of the amendments is respectfully requested.
